

Nicholas Korth

The Forsaken Merman

for baritone voice

9 natural horns

and 4 harps

All pitches in this work relate to the natural harmonic series.

The notation is an approximation.

The general pitch is A = 440 Hz.

Arrows above or below accidentals indicate pitch alterations of approximately a quartertone.

**The natural intonation of the horns should not be altered other than when indicated by a marking for fully hand stopped: +
or partially hand stopped: ⊕**

The horns are crooked as follows:

**horns 1 and 2 in F
horns 3 and 4 in A^b alto plus 14 cents
horns 5 and 6 in B[♯] (H) basso plus 28 cents
horns 7 and 8 in D plus 42 cents
horn 9 in F plus 56 cents**

The horns are thus tuned sharp by degrees and should match the tuning of their written* middle C's to the harps, as follows:

**horns 1 and 2 with the F of harp 1
horns 3 and 4 with the A^b of harp 2 (which is 14 cents sharp)
horns 5 and 6 with the B[♯] of harp 3 (which is 28 cents sharp)
horns 7 and 8 with the D of harp 4 (which is 42 cents sharp)
horn 9 with the F of harp 4 (which is 56 cents sharp)**

**Each harp is tuned specifically and no pedal changes are utilised.
The exact tunings are shown in the parts which are also notated correctly for harp technique.
In this score the harps are notated as sounding (apart from most harmonics which sound an octave higher than written).**

The singer should follow the intonation of the harps and horns.

Duration: c.11'30"

*as notated in the parts (the score is written in C)
